Motivated and detail-oriented MCA student with strong hands-on experience in full-stack web development, specializing in Django, Java, and modern web technologies. Proficient in building scalable, secure, and responsive web applications. Demonstrates a strong foundation in object-oriented programming, data structures, and database systems. Proven ability to learn quickly and solve real-world problems through practical projects and team collaboration. Actively contributing to GitHub and enhancing skillset through certifications and personal projects.

Projects

Library-Management-System   Jul 2025 - Present

Java
- Developed a structured Java-based console application that simulates core library functionalities, including book issuance and returns.
- Applied object-oriented programming principles by designing modular classes (Book, Member, Library) with encapsulated logic.

TeachHub-Online-Teaching-Platform

Apr 2024 - Present

Python & Django
- Built a full-stack e-learning web application using Django and Bootstrap.
- Implemented secure user authentication for students and teachers.
- Integrated Razorpay for handling course payments.

Core Skills

Languages: Python, C++, Core Java, Javascript, SQL
Web development: HTML5, CSS3, JavaScript (DOM Manipulation), Responsive Design
Database Management: MySQL, SQLite, MongoDB
Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), DBMS

Education

Noida Institute of Engineering and Technology NIET   Oct 2024 - Jul 2026
Master of Computer Applications

LN Mishra College of Business Management   Sep 2021 - May 2024
Bachelor of Computer Applications   GPA: 75

Languages

English, Hindi

Certificates

Java Concepts   Apr 2025
Infosys springboard

 Responsive Web Design   May 2025
Infosys springboard
